

Bruker Mass Spectrometry Events

Join Bruker at Metabolomics 2018

To solve today's challenges in Metabolomics research, analytical instrumentation and software need to be seamlessly integrated to provide high quality data for biological interpretation. As biobanks and clinics open their doors to the promise of metabolic phenotyping for understanding population health, powerful analytical solutions capable of large-scale deployment are becoming mission-critical.

Join Bruker's Lunch Seminar to learn more about how Bruker is addressing this need through complementary MS and NMR solutions.

Bruker's Lunch Seminar

"Complementary NMR & MS Metabolomics Solutions for Life Science & Translational Research"

When: Tuesday June 26th 2018, 12:20 pm - 1:20 pm

Where: Tahoma 4 room, Washington State Convention Center, Seattle, Washington

Introduction: **Dr. Frank Laukien** (CEO of Bruker Corporation) – Welcome and New from Bruker at Metabolomics 2018

Guest speakers:

Dr. Lloyd Sumner (University of Missouri, Columbia, MO, USA): "Addressing the grand challenges in metabolomics using UHPLC-MS-SPE-NMR and UHPLC-TimsTOF-MS/MS"

Dr. Matthew Lewis (Imperial College London, United Kingdom): "Advancements and Harmonisation in Molecular Phenomics"
